

Wire Avoidance Seminar

A free event that will benefit all operators in the L.A basin.

Southern California Edison Air Ops will host its first ever fly in event at our facility at Chino airport. Please join us and learn about wire strikes and how to avoid them.

When: Saturday April 6, 2019, from 10 am to 1 pm

Description: Join us as we discuss wire strike accidents and what you can do as a pilot to avoid them. You will learn about situational awareness, CRM language in the wire environment, visual illusions, hardware on power lines and how to understand them. The event will be hosted at SCE Air Ops hangar at Chino airport.

There is limited space on the ramp so please register early if you plan to fly in. We have plenty of parking available if you chose to drive.

Address:

**Chino Airport
7000 Merrill Ave
Bldg A-290
Chino, CA 91710**

Please register with SCE Air Ops Chief Pilot: Torbjorn "TC" Corell.

Cell: 909-730-4107

E-mail: Torbjorn.Corell@sce.com

The International Helicopter Safety team (www.IHST.org) will also give a presentation on their work and what they do to prevent helicopter accidents

What you learn here could save your life!

Refreshments and lunch will be provided. Join us as we work together for a safer helicopter community.
